

Hamilton Beach®

Hamilton Beach® Breakfast Sandwich Maker

Fresh Breakfast Sandwich – If you’ve ever prepared a breakfast sandwich at home, you know it’s a multi-step process often requiring more than one pan and a toaster for the bread. That means you’ll have to clean multiple pans, too. That’s where the best-selling Hamilton Beach® Breakfast Sandwich Maker comes to the rescue. Make breakfast sandwiches you can grab and go in 5 minutes or less with easy clean up.

Control Your Ingredients – Skip the drive-thru and make your breakfast sandwiches at home. Just choose your bread and layer on the fixings: egg, cheese, precooked meat, or the ingredients of your choice. Cook breakfast sandwiches to perfection and to your preference.

Go healthy or hearty– If you want to further explore healthy breakfast alternatives, try making your breakfast sandwich with a whole wheat English muffin, egg whites and your choice of veggies. On the other hand, if you’d prefer to indulge in a satisfying, protein-packed sandwich, the Breakfast Sandwich Maker is ready to oblige.
