

Hamilton Beach®

Hamilton Beach® The Scoop® Single-Serve Coffee Maker with Removable Reservoir

Just Scoop, Place and Brew – It's as easy as 1, 2, 3 to simplify your morning routine. Just scoop your favorite ground coffee, place and brew. The mesh brew basket doubles as a scoop so there's no need to measure separately or pour coffee grounds. Enjoy less time waiting in the morning for that important first cup. This coffee maker brews up to a 14 oz. cup of hot coffee in minutes.

Save Time With Fewer Refills – Brew multiple cups back-to-back without refilling every time with the large 40 oz. removable water reservoir.

Less Waste and More Choice - Tired of brewing with plastic coffee pods that are expensive and not recyclable? This machine uses your favorite ground coffee for the best flavor so you can forget the plastic pods and paper filters. Choose bold or regular brew strength options to customize for your taste.

Convenient Features - Its compact size easily fits any place where you'd like to conserve kitchen counter space. The flip up or down stand adjusts to fit your cup to brew a standard 8 oz. cup or up to a 7" travel mug. The illuminated controls are placed right on top so you'll instantly know what's selected and when coffee is brewing. The coffee maker automatically shuts off right after brewing making morning departures worry-free.
