

Hamilton Beach®

Hamilton Beach® 10 Cup Spiralizing Food Processor

Maximum Versatility – Whatever the job, you'll be up to the task with this all-in-one food processor. Make perfect veggie spirals and ribbons as well as traditional cuts like slicing, shredding, chopping and purees. Turn veggies into linguini-like noodles for delicious side dishes or to replace pasta in your favorite recipes. The stainless-steel S-blade chops, mixes and purees making it perfect for salsa or hummus. Shred cheese or slice cucumbers with ease using the reversible disc.

Time Saver – Spiralizing fresh vegetables has never been as effortless in this large capacity food processor. Easily fit a whole zucchini or block of cheese with the large 2.5" wide feed chute. The large bowl lets you process up to 10 cups of food without having to empty it in between processing. The pour spout allows easy transfer of dressings, sauces and purees into serving or storage containers without making a mess.

Process Tough Ingredients – The 450-watt motor packs plenty of power to process all types of ingredients. The two speed options, plus pulse, provide all the control you need to get the task done.

Effortless Cleanup – The blades, bowl and lid are removable and dishwasher safe. The included cleaning brush comes in handy if washing by hand.
