

Hamilton Beach®

Hamilton Beach® TrueAir Humidifier

Health and Wellness - Healthy humidity levels can be beneficial in improving air quality, alleviating allergy symptoms, soothing dry skin, and dry sinuses. This ultrasonic cool misting humidifier will deliver a continuous mist for up to 18 hours so you can rest easy and comfortably.

Precision - Keep indoor plants healthy by delivering the right amount of cool mist where it is needed most. The 360-degree rotating nozzle and variable speed control gives you targeted and precise misting.

Worry Free Use - Enjoy using the humidifier during the day or overnight without worrying about powering if off. The auto shut off feature will automatically turn it off when the water reservoir is empty. The extra-large reservoir opening makes it easy to clean and refill for your next use.

Ideal for Large Rooms - The 5.5-liter capacity water reservoir is capable of providing cool mist to rooms of up to 475 feet.

Whispering Quiet Operation - Get a good night's sleep without worrying about increased noise levels.
